Architect / Designer - Sydney

3XN is looking for a talented, experienced design architect to join us full-time in our Sydney Studio. Starting date as soon as possible. You will be working with our local and internationally based team on various Australasian projects within an innovative, design-oriented, fast-paced environment.
The culture at 3XN is collaborative, creative, and founded on Scandinavian values and design thinking.

Requirements:

•Eligible to work in Australia
•Bachelor's or Master's degree in architecture
•5-10 years of experience in creative, design-focused architecture studio(s)
•Possess a strong passion for design
•Strong abilities with Rhino, Revit, with Grasshopper and Dynamo skill set as well.
•Experience in leading projects, or design packages, at different phases
•Solid technical knowledge and detail ability
•Excellent coordination and communication skills
•Strong conceptual design skills
•Strong documenting skills
•Experience with drawing sets
•Fluency in written and spoken English
•You must be a team player, self-directed, and highly motivated
•Candidates must feel comfortable being agile in tasks in a creative and dynamic environment
•Have a strong work ethic, but a "team first" outlook.

3XN does not accept unsolicited resumes/candidate profiles from external agencies or suppliers via any method. If any candidates are submitted in an unsolicited manner, we will consider this as a direct candidate application to 3XN, and no fee will be payable.
Due to the quantum of response we receive, only short-listed candidates will be invited for an interview. We thank all candidates for their interest.
